Dear Honorable Carolyn Nichols,

I am writing to you on behalf of the criminal case that my father, Lonnie Spector is involved in on July 21, 2013. I am 21 years old and am currently a senior nursing student at Penn State University. This situation that my family has had to endure the past two years deeply saddens me for the main reason that I know what a wonderful man my father is. He is such a loving and caring person that is always willing to lend a hand to anyone in need. Whether it is helping out individuals in our community or supporting our family, he has always stepped up and made things work out. He is the first person to open our home to individuals going through tough times that need a place to stay.

Throughout the years, he has been very involved in my softball league and was always the first one to organize events to help raise money, buying food for the snack stand and helped maintain the fields. Growing up he has always been there for me as his daughter and has guided me in life to be a respectful and helping person as well. He has taught me his kind and caring ways and that you should always treat others how you wish to be treated. Without him as my father, I would not be the person I am today and I'm truly feel blessed to not only call him my father but my role model in life.

I ask that you please take this into consideration when sentencing my father. He is a crucial part in our tight knit family and not having him home would be very difficult to deal with.

Sincerely,

*Breanna Spector*
