

Lower Southampton Fire Department

Incorporated 1931

Greetings your Honor,

My name is Dan Walsh and I am writing you today in regards to Greg Spector. I am the Battalion Chief at the Lower Southampton Fire Department and Greg has served under me for the last several years. The LSFD is a volunteer company staffed by dedicated professionals who respond to fire, rescue, and medical emergencies. Greg has always been committed to serving the Lower Southampton community and could always be counted on to respond to calls regardless of the weather, or time of night.

He is not only an excellent firefighter, but is also a compassionate individual who always strives to ease others suffering. For example; last year the department responded to a vehicle accident with entrapment. When we arrived an elderly woman was tangled in her automobiles wreckage in immense pain. Greg held the woman's hand and calmly spoke to her assuaging her fears for twenty minutes while she was being cut out of the car. This is just one of many situations that Greg has exhibited kindness and compassion.

Greg is also a committed family man who works hard to provide a good loving home for his wife and children.

With that in mind your Honor, I ask you to reflect on this when sentencing Greg, and hope you will consider a lenient sentence.

Feel free to contact me with any questions you may have.

Thank You

Dan Walsh
Battalion Chief
Lower Southampton Fire Department
