Dear Honorable Judge Leon W. Tucker:

I am writing this letter, in reference to a young man I think very highly of, Gregory Spector. Gregory has lived across the street from me for 22 years. He grew up and went to school with my daughter. And your Honor, this young man has never been in trouble, wasn't a smoker or drinker, and was always a good kid. He was always a good son, grandson, neighbor and community volunteer. When Gregory became a young father, he really shined. I watched from my front porch, how he would, gathered up his 2 daughters, after work and play in the driveway or go for walks. As the years have passed, Gregory has been the person, I could call if I had problems around my home. All through his young life, he has been helping people.

This tragic situation has turned his family's world upside down and is truly heartbreaking. I know in my heart, the only reason any of this occurred, is because Gregory felt he didn't want anyone else to find themselves in his position. He would never deliberately do anything that would put himself or anyone in a dangerous or harmful place.

I am asking you to please hear my voice. I so want to believe in our legal system. I want to believe that good people, who are faced with a truly no win decision, wouldn't be so harshly punished. The actions of a few unpredictable minutes, can't erase the steadfast goodness in a person.

Please hear my voice and let Gregory get back to his 2 little girls, sooner than later. He is very much needed in his family. I can promise you without hesitation, he will only be a productive part of the community. I ask in this letter, that you would please take into consideration who this young man truly is and what a positive impact he will have going forward.

Thank you for taking the time to read this letter.

Sincerely,

*Eddie Thompson*
