

Dear Honorable Judge Nichols

I'm writing you this letter on the behalf of Gregory Spector. I first met Greg back in 2003 while attending poquessing middle school. We became friends shortly after meeting. We all would hang out and socialize over Greg's house. Some of our activities would include going quading or going to one of Greg's hockey games they were always a fun time. As Greg and I got older our friendship has gotten stronger. I remember when Greg first started dating Ashley and all of a sudden there was someone new to the group. I could tell she'd be sticking around for a long time and sure enough I was right. Greg and Ashley got married in December 2011. Greg had asked me to be his best man which I happily accepted. A short time later Greg and I joined the Lower Southampton Fire Department. We both spent countless hours going to Fire school three days a week. We would spend numerous nights studying for our grueling tests. All the while Greg was working full time and raising two beautiful girls with his wife. Greg has always been a devoted father, husband and Firefighter. Greg would always show up to fire calls in the middle of the night, willing to do whatever it would take to get the job done. Whether that meant helping a victim involved in an auto wreck or a house fire to assisting EMS with CPR on a patient Greg would always step up to perform his duties. So in the twelve years I've known Greg he's gone from a teenager to a husband and Father of two great girls. Throw in being a Firefighter certified in Fire Fighter 1, Vehicle Rescue Technician, Hazmat operation, Fire fighter safety and survival. To earning Fire Fighter of the year award from our Department. Greg has always been an upstanding citizen who would be far better by spending his time as a father and husband who also serves his community as a volunteer Fire Fighter. I sincerely hope you take this letter into consideration for sentencing.

Sincerely Martin J Hejnar
