To whom it may concern

My names Steve Enigson I have known Greg for over 6yrs. I first met him when he joined the volunteer fire house in his neighborhood. I was Greg's one of Greg's Fire officers for over 2 yrs as a Lieutenant and as Captain. I have been in the fire service for 12 years. I now work for the Philadelphia Fire Dept. Greg has shown every effort succeed in the Fire service and at home as a husband and a father to two little girls. Countless times I have rode the truck with Greg to numerous calls for the community needing help. Greg has always stopped what he was doing and was the first one out the door eager to go help. Everyone in the Firehouse has known him to be helpful and always willing to lend a hand to help out in any way he can, mainly with his construction skills. Greg has made FireFighter of the year at the Firehouse for going above and beyond our regular job around the Firehouse, dedicating himself to taking over 100hrs of hours of FireFighter 1 IFSAC/PRO BOARD Certification and many more classes to be named. Greg is a devoted father and husband and has made his personal life and Firehouse life mix very well. We are all a family and have it trust one another when it comes to doing the job we do. To have someone who

is into helping the community that he lives in is what the community needs. 70% of the US fire service are made up of volunteers and that number and departments are dwindling fast. Loosing a very well dedicated member is tough on the dept, being now one less person to help when the need arises. Please help us bring Greg back to the Community to return to helping others. Feel free to contact myself either phone or email.

Sincerely

Steve Enigson
